

## XTPL IS CONSISTENTLY ACHIEVING FURTHER MILESTONES TOWARDS COMMERCIALIZATION

(summary of H1 2019 highlights)

- Expanding the portfolio of active sales prospects from the display sector
- Adopting the licensing model for commercialization of the company's technology for use in open defect repair
- Starting the third phase of the proof of concept project for a US manufacturer from the smart glass sector
- Accelerating intellectual property protection (four new international applications submitted in H1 2019) and plans to significantly increase the patent cloud by the end of 2020 (26 new applications);
- Completing a private placement of more than PLN 10 million;
- Adopting a new incentive scheme for company's key employees;
- Revenue from grants in H1 2019 amounted to PLN 1.6 million (increase by 33% compared to H1 2018);
- Net result of PLN -15.9 million, reflecting a one-off event of PLN 11.6 million (recognition of the cost of settlement of the share-based incentive scheme, a non-cash operation, without effect on the value of assets, equity and dilution of existing shareholders);
- Operating costs under control amounted to PLN 6.7 million (excluding one-off)
