

## XTPL ENTERS FURTHER STAGES OF COOPERATION WITH STRONG PARTNERS

(summary of significant events after three quarters of 2019)

- Cooperation with HPK – one of the main suppliers for LG Display – to implement the nanoprinting technology in the Korean partner's devices for defect repair in displays
- Technology evaluation for BOE; the project is designed to develop a solution for new generation large-format OLEDs
- Completing a private placement of shares for more than PLN 10 million
- Another three patent applications submitted in Q3 2019
