

ESPI Current Report

Number: 21/2021
Date: 23 December 2021
Company: XTPL S.A., a joint stock company with its registered office in Wrocław

Topic: **Signing an agreement for the sale of the Delta Printing System with the University of Brescia**

Legal basis: Article 17(1) MAR – inside information

Contents of the Report: The Management Board of XTPL S.A. (the “Issuer”, “Company”) announces that on 23 December 2021, the Company accepted and confirmed an order from the Department of Information Engineering/ Dipartimento di Ingegneria dell’Informazione [„DII”] of the University of Brescia in Italy [“UniBs” “Customer”] for delivery of the Company's technology demonstrator: the Delta Printing System.

The Issuer accepted the Customer’s order, which means that a sales contract was formed. The Company will deliver and commission the device in the first half of 2022.

The Delta Printing System will be used by a team of experts in the area of emerging integrated electronics and bioelectronics, physics of advanced semiconductor and iontronic devices, simulation and modeling of organic and amorphous transistors for the production of modern and ultra-sensitive, biodegradable organic biosensors. Those activities will be carried out mainly by the research group of Microelectronics and Emerging Technologies at the UniBs. The Customer will also use the Delta Printing System for R&D work on bioelectronic devices with a single molecule detection limit.

The University of Brescia is placed among the top 10 Italian universities. For over eight years, the UniBs has focused its educational and scientific activities in the areas of human health and well-being in the surrounding environment, through the integration of cultural and scientific areas and cooperation with national and international partners who promote health matters, among other things.

The Management Board of XTPL S.A. has decided that the printer sale agreement is inside information due to their significant value and its importance in the context of the Company’s current business size. The revenue from the printer order will have a positive impact on XTPL’s financial performance in 2022.

Accordingly, in the Management Board's opinion, the information on the sale of the Delta Printing System meets the criteria of inside information within the meaning of Article 7(1) MAR.

Signatures of the Company's representatives:

Jacek Olszański
MANAGEMENT BOARD MEMBER
