

ESPI Current Report

Number: 17/2022
Date: 27 June 2022
Company: XTPL S.A., a joint stock company with its registered office in Wrocław

Topic: Information on signing a grant agreement under the Horizon Europe competition

Legal basis: Article 17(1) MAR – inside information.

Contents of the Report: With reference to ESPI Current Report No. 7/2022 of 21 March 2022, the Management Board of XTPL S.A. (the “Issuer”, “Company”), hereby reports that on 27 June 2022, a grant agreement was signed by all members of the consortium of which the Issuer is a member under the HORIZON-CL4-2021-DIGITAL-EMERGING-01-31 competition – Research and Innovations Actions (RIA) – organized by the European Commission as part of the Horizon Europe Framework Programme (HORIZON).

The agreement relates to the project developed by the consortium: “Building Active MicroLED Displays By Additive Manufacturing” (“Project”). The Project is designed to develop an innovative technology for the production of flexible microLED displays using precise additive printing technologies.

- Total Project value: EUR 4,293,263.75;
- The Issuer's participation in the Project: EUR 429,812.50;
- Recommended grant for the Issuer: EUR 429,812.50;
- Implementation period: 24 months.

In the opinion of the Issuer’s Management Board the above fact is inside information, as grants constitute an important element of financing the Issuer's operations. The Project will strengthen further development of the Issuer’s strategic area of fabricating modern displays, notably the segment of microLED displays.

Signatures of the Company’s representatives:

Jacek Olszański
MANAGEMENT BOARD MEMBER
