

ESPI Current Report

Number: 36/2022
Date of preparation: 14 December 2022
Company: XTPL S.A., a joint stock company with its registered office in Wrocław

Title:

Sale of the Delta Printing System to Southeast University in Nanjing, China

Legal basis: Article 17(1) MAR – inside information

Contents of the Report:

The Management Board of XTPL S.A. (the "Issuer", "Company", "XTPL") reports that on xxx 2022 the Company confirmed a second order from Yi Xin (HK) Technology Co., Ltd based in China ("Yi Xin", "Distributor") for delivery of the Delta Printing System device. Yi Xin is a distributor of the Company's technological solutions. (Current Report No. 4/2021 of 15 April 2021). The Issuer accepted the Distributor's order, which means that a sales contract was formed. The Company will deliver and commission the device in the first half of 2023.

The end buyer of the device will be a leading Chinese R&D center from Southeast University (School of Electronic Science & Engineering) in Nanjing ("End Client"), which placed its order following the demonstration and tests of the XTPL technology. The Delta Printing System will be used by the End Client for work on advanced integration of electromechanical microcircuits, mainly in the area of printing nanoconnections in integrated circuits of flexible electronics. The unique properties of the ultra-precise deposition (UPD) technology will make it possible to integrate microelectronics in Internet of Things (IoT) projects, wearables, sensors collecting medical data, as well as in many other everyday items designed to improve the comfort of life.

This is a second transaction to sell the Delta Printing System in the Chinese market. Both transactions were completed this year and in cooperation with the Distributor. The revenue from the most recent order for the device will have a positive impact on XTPL's financial performance in 2023.

Accordingly, for the reasons described above, in the Management Board's opinion the information disclosed in this current report meets the criteria of inside information within the meaning of Article 7(1) MAR.
