

## ESPI Current Report

**Number:** 6/2023  
**Date of preparation:** 8 March 2023  
**Company:** XTPL S.A., a joint stock company with its registered office in Wrocław

### Title:

**Delta Printing System sold to School of Integrated Circuits, Guangdong University of Technology in China**

**Legal basis:** Article 17(1) MAR – inside information

### Contents of the Report:

The Management Board of XTPL S.A. (the “Issuer”, “Company”, “XTPL”) reports that on 8 March 2023 the Company confirmed another order from Yi Xin (HK) Technology Co., Ltd based in China (“Yi Xin”, “Distributor”) for delivery of the Delta Printing System device. Yi Xin is a distributor of the Company’s technological solutions. (Current Report No. 4/2021 of 15 April 2021). The Issuer accepted the Distributor’s order, which means that a sales contract was formed. The Company will deliver and commission the device in the second half of 2023.

The end buyer of the device will be a leading Chinese R&D center of School of Integrated Circuits, Guangdong University of Technology (“End Client”), which placed its order following the demonstration and tests of the XTPL technology. The End Client is developing new solutions in the field of flexible electronics, and ultra-precise deposition (UPD), a technology developed by XTPL, will be used to print conductive connections within integrated circuits and electromechanical microsystems.

This is a eighth transaction to sell the Delta Printing System in the Chinese market, the fourth transaction this year. All transactions were completed in cooperation with the Distributor. The revenue from the most recent order for the device will have a positive impact on XTPL’s financial performance in 2023.

Accordingly, for the reasons described above, in the Management Board’s opinion the information disclosed in this current report meets the criteria of inside information within the meaning of Article 7(1) MAR.
