

## Information on selection of the Issuer's offer in the proceedings for the supply of a device for the manufacture of conductive micro-tracks.

The Management Board of XTPL S.A. ["Company", "Issuer"] announces that on April 29, 2025, the Company became aware of the selection by the Lukasiwicz Research Network - Institute of Microelectronics and Photonics ["Orderer", "IMIF"] of the offer presented by the Company in the proceedings for the award of an open public procurement contract conducted by means of a tender [procedure number F2/39/2025/ZP].

The bid submitted by the Company was for the sale, delivery, commissioning, personnel training and maintenance care of a system for producing conductive micro-tracks. As part of the bid, the Issuer proposed the Delta Printing System device it developed.

Revenues generated from the project will have a positive impact on XTPL S.A.'s financial results achieved in 2025.

The Company will announce the fact of signing the agreement with the Orderer by a separate current report.

The Issuer's Management Board considered the selection of the bid for the DPS device to be confidential information, as its implementation may have an impact on the Issuer's future revenue situation, the popularization of the Company's technological solutions, as well as the prospect of investors' perception of the Issuer.

For the reasons outlined above, the information disclosed in this current report, in the opinion of the Issuer's Management Board, meets the criteria of inside information as defined in Article 7(1) of MAR.
