

Sale of Delta Printing System to the University of Padua, Department of Information Engineering (Università degli Studi di Padova, Dipartimento di Ingegneria dell'Informazione), in Italy

The Management Board of XTPL S.A. [the "Issuer", the "Company", "XTPL"] hereby announces that on September 9, 2025, the Company confirmed an order for the delivery of a Delta Printing System device ["DPS"] the final recipient of which is the University of Padua, Department of Information Engineering (Università degli Studi di Padova, Dipartimento di Ingegneria dell'Informazione), Italy [the "Client"]. The DPS device will be used for research and development projects in the field of advanced high frequency telecommunications, especially microwave and terahertz applications.

Revenue from the execution of the DPS order will have a positive impact on the financial results of XTPL S.A. in 2025.

The Issuer's Management Board has classified the sale of the DPS device to a major market as inside information, as its implementation may have a significant impact on the Issuer's future revenue situation, the dissemination of the Company's technological solutions, and the perception of the Issuer by investors.

For the reasons outlined above, the information disclosed in this current report, in the opinion of the Issuer's Management Board, meets the criteria of inside information as defined in Article 7(1) of MAR.
