

Sale of Delta Printing System to the Centre for Nanotechnology and Smart Materials (CeNTI) in Portugal

The Management Board of XTPL S.A. [the “**Issuer**”, the “**Company**”, “**XTPL**”] hereby announces that on November 5, 2025, the Company confirmed an order for the delivery of a Delta Printing System device [“**DPS**”] the final recipient of which is the Centre for Nanotechnology and Smart Materials (CeNTI) in Portugal [the “**Client**”]. The DPS device will be used for research and development activities in the field of microfabrication for the smart materials.

Revenue from the execution of the DPS order will have a positive impact on the financial results of XTPL S.A. in 2025.

The Issuer's Management Board has classified the sale of the DPS device as inside information, as its implementation may have a significant impact on the Issuer's future revenue situation, the dissemination of the Company's technological solutions, and the perception of the Issuer by investors.

For the reasons outlined above, the information disclosed in this current report, in the opinion of the Issuer's Management Board, meets the criteria of inside information as defined in Article 7(1) of MAR.
